To whom it may concern

I am writing to recommend Donny Pennington for any role he pursues within the field of education and coaching. Having had the privilege of working closely with him for several years both as his assistant coach at Grove High School and coaching one of his summer baseball teams, I can attest to his abilities and dedication.

Donny served as the head high school baseball coach at Grove High School for four years, during which time he demonstrated knowledge and passion for the game. His leadership was instrumental in guiding our team to the state tournament in two out of the four years he coached.

Beyond his accomplishments on the field, Donny exhibited qualities as a mentor and educator. His approach was marked by professionalism and genuine care for the development of his players both athletically and academically. As an alternative education teacher, he extended his mentorship beyond the baseball diamond, positively impacting the lives of his students in profound ways.

One of Donny's traits is his ability to foster a positive and respectful environment among his coaching staff and players. He treated his assistants with the utmost respect, recognizing their contributions to the game. His organizational skills were exceptional, ensuring that every aspect of our team ran smoothly.

In conclusion, I endorse Donny for any position he may pursue within the area of education or coaching. His passion for the game of baseball, coupled with his exemplary leadership abilities and dedication to student success, make him an invaluable asset to any school fortunate enough to have him on board.

Please feel free to contact me if you require any further information regarding Donny's qualifications or character. Thank you for considering my recommendation.

Sincerely,

Eric Hunsperger
